

Join the Board and help shape a positive future for all students at Pukehou School!

One of the board's primary objectives is making sure every child reaches their highest possible standard in educational achievement.

How about joining the team?

Pukehou School Board elections will be held in September

Talk to Pixie, AK, Ben H, Hayley, Byron or Rob for more info

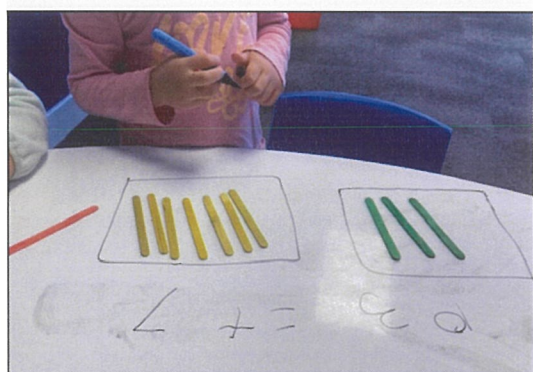

A few requests from Kererū class ~ Can you help?

The first request is for a Kaitiakitanga project I would like to start with Kererū. We require donations of unwanted **t-shirts**, all shapes and sizes, stained and ripped is fine but preferably clean. I'm thinking that if people are cleaning out their summer wardrobes this might be a good time to gather these up to make woven art pieces with.

Secondly; We're on the lookout for a **cable barrel/spool** to re purpose as a car track for the classroom.

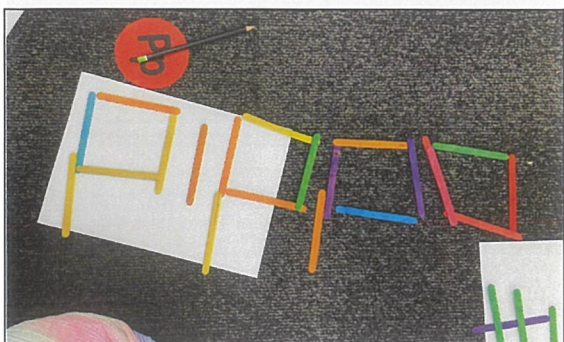

And last but not least, I will be doing some gardening with the kids at Matariki; we would like to plant some Kumara. Our idea is to plant these into **feed bags**. So we will need about a dozen of these and also some donations of **Kumara slips**.

All donations gratefully received, thank you.
Ms McDowell

Cinquain Poems

Our Kea poets explored space, writing Cinquain poems. These five line poems have a syllabic pattern or formula of 2/4/6/8/2, which sounds simpler to write than it is!! Super impressed with their poems.

Earth

by Sebastien

Earth is
round and happy.
White, blue, green, black stars shine.
Full of life, we are happy. Yay!
Growing.

Asteroids

by Leo

Ast'roids
are a fast rock
in space because they burn!
I hope one does not hit our Earth
one day!!

Space

by Oscar

The moon.
We are here bro.
At long last we did it!
Finally we are here with you.
Of course.

Holes

by Henry

Absorb.
Black holes, white holes
are connected and twins.
If they were to fight, who would win?
Who knows!

Space

by Willy

The Earth
is a planet
circling the sun each year.
It's the third closest to the sun.
Our home.

Space

by Arihi

In Space,
no gravity...
floating. Stars in the sky.
Earth is a beautiful planet.
Sun shines.

IMPORTANT DATES:

(Check updates on the HERO Calendar)

MAY

Wednesday 28th Pita Pit Lunch option
Assembly @ 2.15 pm. See you there!

Friday 30th Yr 7-8 Technology #2

Thank you for
your donations

Ngā mihi nui for joining us in celebrating Aotearoa's 16th Pink Shirt Day last Friday! 🌈

Across the motu, classrooms, workplaces, and communities were lit up pink. Together, we made this happen:

- 💖 \$684,882 raised so far
- 💖 43.1K tees sold nationwide
- 💖 All event packs **sold out**
- 💖 180K [Pink Shirt Day website](#) visits since the start of April; a hub filled with knowledge and resources
- 💖 56,587 [digital resources](#) downloaded to help teach schools, workplaces and communities about bullying and how to prevent it
- 💖 Radio, television, billboards, posters, and newspaper ads helped the kaupapa reach tangata **nationwide**

Arohanui e hoa! With the funds raised on Pink Shirt Day, the Mental Health Foundation will deliver Rangatahi Rise which is a youth-led wellbeing initiative for high schools, supply schools and workplaces with free tools and information to create positive environments, provide support to rainbow rangatahi across Aotearoa, and continue to grow the Upstander movement.
